The Deck and the Deal

Face cards are worth 10.

Aces are worth 1 or 11, depending on which helps the player more.

How to Play After the initial two cards are dealt, players have two default options to choose

from: They can either "hit" (request an additional card) or they can &

"stand" (keep their current hand).

Players determine a set amount of points when the game ends.

Rounds Each of these subgroups is recognised by a symbol and are referred to as suits.

They consist of Clubs, Spades, Hearts and Diamonds.

As we have discussed before, the number of decks with which a Blackjack game is

played is essentially a rule unto itself and impacts the House Edge of the game

accordingly.

12144% for a difference of 0.

26928% added to the House Edge for the double-deck game.

You would not do that in a double deck game.

The Rules: While it may seem antithetical that a player benefits by the dealer standing on

what then becomes a completed hand, it is important to remember that the player

has already acted and that hitting a Soft-17 gives the dealer several opportunities

to improve the hand with a nearly equal number of opportunities to keep it

the same as if the dealer had stood.
