Yes, it is possible. There is a site called Wealthy Affiliate where you can learn

how to make money blogging on Amazon. The problem with blogging on Amazon is that most people who do have a lot of success with it are more focused on writing articles and less focused on the search engine optimization (SEO) of the page.

If you have good SEO, then that can be more profitable than writing articles. In

fact, you can make more than ever with the right affiliate programs and proper

Search Engine Optimization. However, while you can make money from Amazon, it is

a lot more complicated than one might think

For long time holders, you bet! Amazon now accounts for over 40% of all transactions

in the U.S. They are a growing e-commerce company and have done well to ruthlessly

crush competition. They have had a 31.34% annualized return for shareholders
