I remember I was a really big fan of the show.

The fact that he was in a huge trouble with the law, too.

Is Gambling Legal In India?

The legality of gambling in India depends on each state.

So far, only the states that have legal gambling are Goa, Sikkim, and Daman.

This is why even in states with no gambling regulations in place, the locals are

free to place their bets online because it's neither legal nor illegal.

Some states moved toward banning online gaming activities within their territori

es, including Tamil Nadu.

According to the High Court, this was unconstitutional as it violated and has fa

llen foul of Article 19(1)(g) of The Constitution.

Will India Ever Regulate Gambling Activities In The Country?

The High Court said themselves any way that both states are free to come up with

new amendments as long as they won't violate the constitution.
