I wore them to a wedding, I got a few compliments.

Cards are counted as their respective numbers, face cards as ten, and ace as either eleven or one (in our game it will show on the counter as an 11 unless you ) Tj T\* BT /

This can be accomplished by getting Blackjack (first two cards equal 21) without dealer Blackjack, having your final card count be higher than the dealers without exceeding 21, or by not exceeding 21 and dealer busting by exceeding their card count of 21.

Click the chip again to remove it back to your pile of money.

Once you click "deal" your bet is set, and two cards are dealt to the player face up and two cards are dealt to the dealer, one face up and one face down.

If the dealer has an Ace showing, you can click the "Insurance" button (this means you will place a bet worth half your hand bet, which will be paid ) Tj T\* BT /F

If you push, you keep your bet money but do not win anything additional.

It will not always win, but it is the best statistical chance you have, so give

it a chance if you are stumped!

Keep playing 247 Blackjack until your money is all gone - then restart! No need

to wait additional time for more chips! If you are on a streak and need to leave

your computer, no worries! Your fabulous money pile will be kept until you return!

Just be sure to Resume your game when asked! As you win money watch your chips

grow in denominations! Your highest money count will always be kept as your high

record too, just so you always have something to strive for!

If you follow the basic betting strategy and you learn how to use the information
