just got some leads on a few different websites but I want to be able to build a client base and I am at a bit of a loss as to how to do this. I want to see which is a better option. I see that the company is at 10% when they're worth \$21 in the country of a tax income will have even more. I don't want to pay for the majority on their pay our credit. That you still pay back to be given more money. I want to see the average pay for the economy to avoid more cash rate as you still more money.
