While I have not made my usual number of college football bets at this point in the calendar, I have already thrown a few bucks down on a couple of early wagers

Let's dive into some of my early college football best bets for the 2023 season.

Either way, this wager should result in a nice holiday bonus for bettors.

PICK: Georgia (-105) to win SEC

Also, another big point of consideration is that the Sooners don't play Kansas State and Texas Tech in 2023 - two teams that have been thorns in OU's side.

But the Tigers had just a plus-16 scoring margin in SEC play last year and went 6-2 in league play.

A glimpse at the 2023 schedule shows the Tigers have away games against Florida State (neutral site), Mississippi State and Ole Miss within the first month of the season.

That could force the defense - which is adding a lot of new faces - to gel quickly, or else that September schedule could result in a loss or two.

Whether you're a seasoned bettor or someone who enjoys a good movie, these films will keep you entertained and give you a new perspective on sports betting

Sports betting has always been a popular topic in movies, whether a subplot or the main theme.

The movies often depict the ups and downs of betting, the emotions that come with it, and the psychology of gambling.

Adam Sandler delivers a powerhouse performance in *Uncut Gems*, a tense and gritty film about a jeweler and gambling addict who gets in over his head with a high-stakes bet.

The movie was a critical and commercial success and was widely regarded as one of the best films of 2019.

The film captures the thrill of gambling and the complexities of addiction naturally and realistically.

The film is a masterful exploration of the psychology of gambling and features some of the most iconic scenes in sports betting movie history.

When betting on sports online, using only trusted and reputable betting sites is important.

International Football Betting Tips on OLBG

You can see the selection as well as which market it is for.

The current odds for each most tipped outcome are displayed as well as a confidence rating.

The number of tips for the outcome compared to the total number of tips on the market makes up the confidence rating.

As well as individual matches there will also be tournament outrights available.

You will be taken to the event page on which you can view all markets.

For each market, the number of tips for each outcome will be displayed as well as
