Each player places a bet and their hands should be better than the dealer's hand to win.

The game goal is to have the closest score to 21 which is the perfect score or make a better score than the dealer.

Ace has two values, those 1 and 11.

You can use it as you wish.

It's called Soft Score.

The perfect score is made by a combination of an Ace and any of 10 points cards.

Double Down: The double allows you to double your initial bet and with double you can receive only 1 card.

Split: If a player's first two cards are the same, such as two kings or two fives, they may choose to separate hands when their turn comes around.

Blackjack is a card game that pits player versus dealer.

This can be accomplished by getting Blackjack (first two cards equal 21) without

dealer Blackjack, having your final card count be higher than the dealer's with

out exceeding 21, or by not exceeding 21 and dealer busting by exceeding their card count of 21.

In Blackjack, or 21, the player must decide what to bet before the hand.

If you push, you keep your bet money but do not win anything additional.
